

KUDOS KARDS

Kudos Kards are a simple, handwritten way to recognize each other's efforts. Use these cards to send a note of encouragement, say thanks, or give a shoutout to a team member who has gone above and beyond. Managers, encourage your teams to use Kudos Kards as a tool to build a culture of recognition, connection, and support.

All team locations are different and we encourage you to find a display option that works in your space. Scan the QR code below for some economical ideas. Managers can conveniently file an expense report in Paycom up to \$15 to be reimbursed for your order.

Order form link and additional information available on Springboard and Microsoft Teams.
