

Outpatient Therapy Wherever You Call Home

VISION THERAPY

Trust Infinity Rehab at Home to assist with addressing your visual needs. Whether you are recovering from surgery or experiencing increased difficulty due to vision loss, our dedicated team of therapists has specialized training to assist you. Let us help keep you as independent and safe as possible.

Our Outpatient Therapy Program can help with:

- Maximizing independence with self-care & leisure activities
- Low vision strategies
- Improving balance & reducing fall risk
- Home safety assessment

HOW DOES IT WORK?

We come to you! Our outpatient services can be conducted wherever you call home, and we take care of the details.

- Work with Medicare and most HMO plans
- Verify insurance prior to treatment
- We work directly with your physician and care team to ensure a collaborative approach
- Get to know you in personalized, one-on-one therapy sessions
