

Outpatient Therapy Wherever You Call Home

INFUSION THERAPY

Trust Infinity Rehab at Home to assist with addressing your function and independence. Our dedicated team of therapists has specialized training to assist you with increasing your activity tolerance, balance and overall feeling of well-being. Let us help keep you as independent and safe as possible.

Our Outpatient Therapy Program can help with:

- Increasing endurance & activity level
- Improving strength and muscle weakness
- Maximizing independence with self-care & leisure activities
- Pain management
- Improving balance & reducing fall risk

HOW DOES IT WORK?

We come to you! Our outpatient services can be conducted wherever you call home, and we take care of the details.

- Work with Medicare and most HMO plans
- Verify insurance prior to treatment
- Work directly with your physician on your treatment plan
- Get to know you in personalized, one-on-one therapy sessions
