

Therapy at home to help you recover

PROSTHETIC AND ORTHOTIC SERVICES

Trust the therapists at Infinity Rehab at Home on your path to wellness and vitality. Whether you are recovering from surgery, want to improve strength and balance, or want to improve your function with your new orthotic or prosthetic, our dedicated team of therapists has specialized training to assist you.

Our prosthetic and orthotic services can help with:

- Improving strength and addressing muscle weakness
- Increasing endurance and activity level
- Maximizing independence with self-care & leisure activities
- Improving balance and reducing fall risk
- Increasing independence with donning and doffing

HOW DOES IT WORK?

- We conveniently come to you
- We conduct one-on-one sessions
- We work directly with your physician on your plan
- We work with Medicare and most HMO plans
- We verify insurance prior to treatment
