

THERAPY AND WELLNESS PROGRAM

**THE
PERFECT
FIT
FOR YOUR
RESIDENTS**

Reach by Infinity Rehab offers a comprehensive therapy and wellness program that provides services to help your residents thrive.

The program is personalized for each resident, addressing their health and wellness needs. We pride ourselves on an inclusive program that offers care and compassion.

Our comprehensive program covers the complete network of care for your residents. As older adults transition from skilled nursing to independent and assisted living, memory care, home health, and home care, we offer a cohesive delivery of wellness and therapy services. Our therapists work directly with residents' healthcare professionals (MD, NP, or PA) utilizing the latest, innovative technology in their care delivery.

We address the six WHO Guidelines on Integrated Care for Older People (ICOPE) to improve the health and well-being of older adults:

- 1 Improve musculoskeletal mobility and vitality
- 2 Maintain sensory capacity
- 3 Promote psychological and cognitive wellness
- 4 Address and manage age-associated conditions
- 5 Fall prevention
- 6 Support caregivers
