

The right pharmacy program is right here!

At Infinity Rehab, we value a holistic approach to managing your health and well being. We have recently implemented new services within our pharmacy programs! Below is a summary of the newest of these that offer you a program to reduce your out-of-pocket expenses on high-cost drugs and engage in emotional well being support. All through the value of our pharmacy programs!

Program	Plan Design & Benefits
	<p>Express Scripts is your primary pharmacy administrator responsible for your overall prescription services including:</p> <ul style="list-style-type: none"> • Process prescription drug claims that are non-specialty medications (see below for more on specialty). • Retail pick up of non-specialty drugs & home delivery for maintenance drugs. • Customer service inquires for eligibility or maintenance questions
	<p>NEW! KPCM is an advanced clinical management program with a focus on non-specialty chronic disease medications.</p> <ul style="list-style-type: none"> • The proprietary technology identifies medications prescribed and suggests therapeutic equivalent drugs at lower cost, better outcomes and/or lower duration of treatment. • The KPCM clinical team facilitates a conversation with the prescriber to determine if the patient is qualified to participate. • Does not require employees to 'enroll'. All of the interactions are happening between the clinical staff and the prescribing physician.
	<p>NEW! SaveOn covers specific specialty medications and ensures that, once you are enrolled and eligibility is confirmed, you have <u>no financial responsibility for specialty medications! \$0 out of pocket when you enroll!</u></p> <ul style="list-style-type: none"> • Your specialty medication will be filled through Accredo, your exclusive specialty pharmacy. • The 60+ medications included in the SaveonSP program cover conditions such as Hepatitis C (Hep C), Multiple Sclerosis (MS), Psoriasis, Inflammatory Bowel Disease, Rheumatoid Arthritis (RA), Oncology, and others. • How can I enroll? If you are prescribed a covered medication, a SaveonSP Patient Service Representative will contact you, by both mail and phone, if you are taking a medication eligible for the program. They will assist you with enrollment if your medication is part of the program. • You are not required to enroll, but if you choose to opt out you will pay the cost of the drug per the plan benefit.
<p>inMyndSM — Every Mind Deserves Better</p>	<p>NEW! Emotional and well being outreach program. Members are identified for coaching or other engagement programs based on medications that have been filled related to anxiety, depression, social disorders, work/life balance, stress and many more.</p> <ul style="list-style-type: none"> • If you are prescribed (and filled) a medication for any number of these diagnosis you may be eligible for 1:1 coaching related to your diagnosis and medication management. • You will be identified for eligibility based on your filled prescriptions and offered a consultation with a clinical member or a targeted social program or a combination of both based on diagnosis and medication. • The program also includes critical incident advocacy including suicide prevention, substance abuse and crisis intervention. • <i>NOTE: Infinity offers a robust Employee Assistance Program with a wide range of services to support emotional wellbeing counseling and support. You may self refer and access that benefit through Uprise health; information provided in your employee benefits booklet.</i>
