Frequently Asked Questions

## What is the Infinity Rehab Leadership Academy?

The Infinity Rehab Leadership Academy is a voluntary year-long experience that combines onsite & distance learning to help transform high potential employees into high impact leaders.

The Leadership Academy curriculum aims to bring Infinity's core values together with key leadership practices proven through research to be effective strategies in navigating real world challenges. Each year a class of up to 15 candidates (called Scholars after selection) will be chosen and expected to work together to develop individual and team-oriented leadership skills to meet the goals of the Leadership Academy.

# Who is involved in selecting and teaching the Leadership Academy class?

In order to make this a powerful leadership experience, each year we will have a Leadership Academy Coach Team. The Coach Team will consist of at least four coaches selected based on each person's participation in previous leadership training and leadership experiences that can be used to help teach the Academy Scholars.

Some Leadership Academy graduates may be invited to serve on the Coach Team for future classes. More details about this opportunity will be discussed during the Academy experience.

The Coach Team may use an outside leadership consultant to help guide the application review and candidate selection process, as well as to help create and progress the curriculum of the Academy.

#### What are the Financial and Time commitments expected of Leadership Academy Scholars?

- Participation in all Leadership Academy meetings and activities is voluntary and will be considered unpaid time.
