SAVE ON PRESCRIPTION COSTS

Many pharmacies now offer discount prescriptions – maybe even lower than your copay.

Pharmacies nationwide sell select generic drugs at a discounted rate. Generic drugs are distributed as the equivalent to the brand name; however, you should talk to your doctor if you have questions about your prescription. You can find the best deals on your medications by identifying the pharmacies that offer these programs. Here are just a few available:

Sam's Club	Plus members can receive hundreds of generic medications for \$10 or less.
Walmart	\$4 for a 30-day supply and \$10 for a 90-day supply of some generic medications.
Walgreens	Prescriptions Savings Club offers over 8,000 brand and generic drugs at discounted prices, starting as low as \$5.
Costco	Member Prescription Program offers savings on brand and generic medications.
Meijer	Offers a variety of oral antibiotics for free.
Target/CVS	Offers low cost generic options on some common medications for 30-day (\$4) and 90 day (\$10).

Let SaveOnSP help you save money. Nearly 400 specialty medications are eligible for this plan benefit. If you're filling an eligible medication, a representative from SaveOnSP will contact you to complete your copay assistance program's enrollment process and arrange for the monitoring of your account. You'll pay a reduced cost for your medication after enrolling and consenting to SaveOnSP monitoring your pharmacy account. If you choose not to participate in the plan benefit, you'll pay a higher coinsurance when you fill your medication. **NOTE: Be sure to check with the pharmacy for current discounts and offerings.**
